

**Un Castello  
all'orizzonte  
2025**

13th edition

Art, tourism, culture and fine cuisine  
in the heart of Umbria

*Un Castello all'orizzonte*, now in its 13th edition, continues to offer cultural events to the guests and visitors of Castello di Postignano. From mid-April to the beginning of November 2025 we will host permanent and temporary exhibitions of photography and contemporary art, lectures, book presentations, documentary screenings and classical, jazz and pop music concerts.

As in our tradition, piano masterclasses by Maestro Gianluca Luisi and drawing masterclasses by artist Michèle Delisle will be held at the hamlet.

Among the events on the bill:

- the second edition of the Postignano Music Festival directed by Maestro Luigi Piovano, on two weekends in October.
- a concert of madrigals and sacred music in memory of Domenico Mustafà, composer and choir director, one of the last castrato singers, who was born near Postignano. The Sixtini Cantores, sopranists of the Sistine Chapel in the Vatican, will return, also performing compositions by Mustafà.
- the classical music concert with the Trio Fenice on 5 July, in collaboration with Le Dimore del Quartetto and Musica da Casa Menotti.
- the concert by Simone Vallerotonda, with his eight-course lute. Simone will perform the repertoire he recorded last year in the Postignano the S.S. Annunziata church for the Arcana/Outhere Music record label.

By the end of the year, in collaboration with the University of Perugia, the Museo del lavoro contadino (Museum of Countryman's Work) will be opened next to the hamlet, with historical agricultural tools of Umbria and in particular the Valnerina, which will provide a better understanding of the life of the inhabitants of Castello di Postignano and the hard-working activity that enabled them to build the village.

We look forward to seeing you!
